

“I have found Wee-Off .

an unbelievable product...”

“As a commercial cleaner I often get clients requiring urine treatment.

I turned to Bio Natural Solutions after spending close to \$400 on a number of different products that failed to work. Gary patiently listened to my predicament and straight away sent me 2 bottles of Wee-Off. I returned to the site and applied the product as Gary had instructed, and within 30 minutes the room was starting to smell a little better.

I returned to the site 24 hours later and the stench had completely gone! I would recommend Wee-Off to anyone that has pets or is in the cleaning industry.

This product is amazing! It really works!”
